To,

The District Commissioner  
Cum  
Chairperson, District DSR Committee  
Goalpara.

Sub:- Request for wide circulation of Proposal for modification to the District Survey Report (DSR) Rakhyasini Stone Quarry under Goalpara Division.

Sir

It is submitted that the Rakhyasini Stone Mine falls under the category of Circular Economy Based Zero Waste (CEBZW) mining as provided under the amended provisions of the Assam Minor Mineral Concession Rules. Considering the lease period of 30 years prescribed for such mining operations, the District Level Committee has proposed suitable modifications to the presently approved mining plan so as to align the project scope with the long-term operational viability envisaged under the said provisions.

The details of the proposed modification are as follows:

- Existing mine area as per DSR: 14.62 ha
- Proposed revised mine area: 20 ha
- Existing total production capacity: 4137000 cuM
- Proposed revised annual production capacity: 5799184.70 cuM

In this regard, it is requested that the proposed modification to the mining plan may kindly be uploaded in the district portal for a minimum period of 21 days for inviting public comments, in accordance with the prescribed procedure.

This is for favour of your kind information & necessary action.

Yours faithfully,

(Tejas Mariswamy, IFS)  
Divisional Forest Officer

**PROPOSAL FOR MODIFICATION TO THE DISTRICT SURVEY REPORT (DSR)  
Rakhyasini Stone Quarry under Goalpara Division.**

It is submitted that the Rakhyasini Stone Mine has been categorized under Circular Economy Based Zero Waste (CEBZW) mining in accordance with the amended provisions of the Assam Minor Mineral Concession Rules. Considering the extended lease period of 30 years applicable to such category and in order to ensure scientific, systematic and economically viable extraction over the long term, the District Level Committee has proposed modifications to the entries pertaining to the said mine in the existing District Survey Report (DSR).

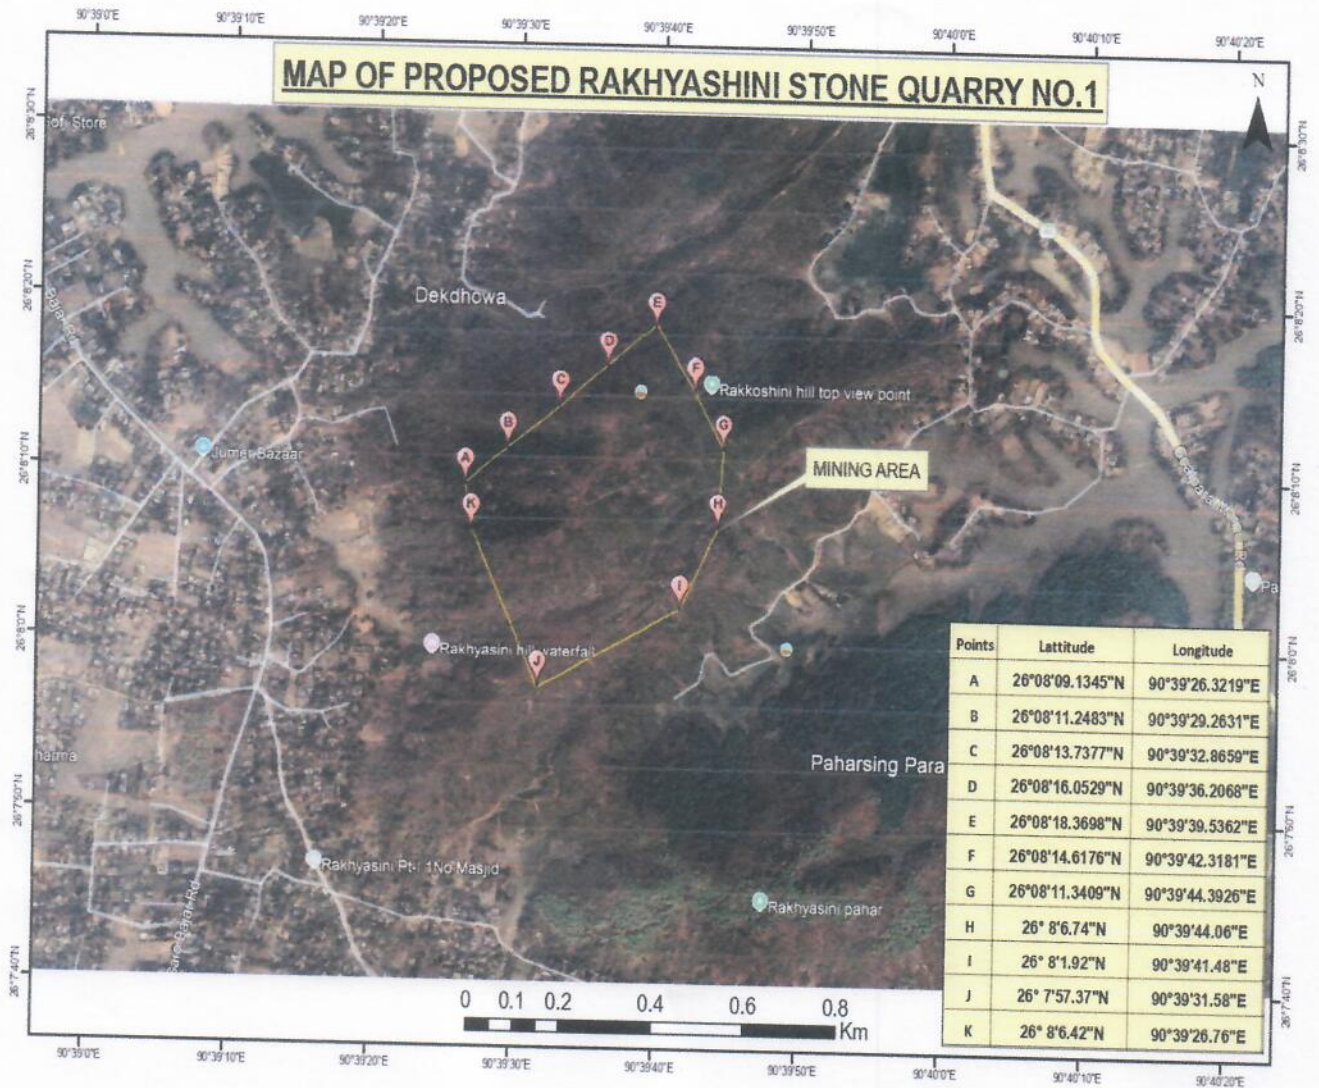

The details of the proposed modification are as follows:

- Existing mine area as per DSR: 14.62 ha (Sl. No.1)
- Proposed revised mine area: 20 ha (Sl. No.2)
- Existing total production capacity: 4137000 cuM
- Proposed revised annual production capacity: 5799184.70 cuM

**1. Approved mine area in DSR Geo-tagged Map (Area:14.62 ha.)**

**2. Proposed Modifications to the area (area: 20 ha.)**

The proposed revision is aimed at aligning the DSR provisions with the operational framework envisaged under the Circular Economy Based Zero Waste mining model, ensuring optimal resource utilization, improved mine planning and sustainable mineral management.
