Roles And Responsibilities of Crop Surveyor

- The surveyors should attend all trainings organized for them and be well versed with the DCS application provided to them.
- Surveyors are responsible to conduct a re-survey of a said land parcel upon rejection by the supervisor.
- Surveyors to ensure the presence of farmer during resurvey and their photo is taken along with each crop photo.
- During re-survey, the surveyor must ensure that the contact number of the farmer is taken as it is a mandatory field.
- Surveyors can mention harvested crops in case the crop is harvested before the re-survey and needs to be verified by the supervisor before acceptance.
- Surveyors are answerable for the survey on any land parcel they conducted and should be able to explain details when asked by the supervisor.
- Conduct 22 surveys per day and complete the assigned number of surveys within the given timeline of 30 days + 15 days buffer for re-survey, in case of any data anomalies. The survey window on DCS application will automatically be closed after completion of 45 days.
- Surveyors should be responsible to ensure that they have a smart phone (Android 9.0 above) with a camera, data plan and GPS sensors in working condition for the entire duration of the DCS.

- Surveyor to ensure that the photos cover the crop properly and rows of the crop should be visible. (In the case of tall-growing perennial crops like Areca nut, Coconut, etc. at least one photo should be taken in a manner that it covers the ground area also).
